

Hello, I'm Kevin Rosenberger. I'm the instructional media specialist for UNM Los Alamos. I received my Master's Degree from New Mexico State University in Educational Learning Technologies in 2024. I've done some workshops online with Canvas and hybrid courses in a TA role, but have never been in a faculty role at any institution. I've completed many online courses as a student in undergraduate and graduate courses, as well as hybrid and flipped classroom settings.

Two Participant goals for EBPTO:

1. My first goal is ensure that I am prepared to work with UNM Online, CTL, and UNM Los Alamos faculty on developing AOPs at UNM Los Alamos.
2. I'm also excited to have the opportunity to improve my portfolio.
